CHINESE GOVERNMENT HOLDS AUSTRIAN SAILORS.

(Associated Press service by Federal Wireless.)
TIENTSIN, Aug. 31.—Orders were received here yesterday for the crew of the Austrian warship Kaiserin Elizabeth to return to Tsingtau, where the vessel was interned a few days ago. The Chinese government prevented the return of the sailors, and is endeavoring to maintain strict neutrality.

CHINESE REVOLUTIONARIES STIR UP TROUBLE.

PEKING, China, Aug. 31.—Streets of the capital are littered with leaflets which state that Japan intends to make China a dependency and urges every Chinese to sacrifice his life in preference to accepting Japanese domination. The articles are based on alleged publications in Japanese newspapers. Police are attempting to suppress the distribution of these incendiary documents and have arrested some of the circulators. Among them are persons of the better class of society.

The government has taken official notice of the matter and notified all embassies that returning Chinese revolutionaries are trying to take advantage of the present situation. The aid of the embassies is asked in preventing the harboring of revolutionists in foreign settlements.

TSINGTAU BLOCKADED.

TSINGTAU, China, Aug. 31.—Reports that the railway bridge had been dynamited by the Germans are incorrect. There has been no Japanese bombardment yet. Yesterday the forts fired a few shots at some Japanese destroyers hovering close in. The port has been blockaded since war was declared.

JAPANESE TROOPS LANDED NEAR KIAOCHAU.

LONDON, England, Aug. 31.—Despatches published yesterday in the Daily Mail state that the Japanese have landed at several points near Kiaochau.

TOKIO, Japan, Aug. 31.—Military experts here do not expect the fall of Kiaochau before November unless voluntarily surrendered. In addition to being strongly fortified, the place is reported to have a food supply ample for three months.

GERMAN SAILORS EN ROUTE TO TURKEY.

CONSTANTINOPLE, Turkey, Aug. 30.—Eight hundred German officers and sailors, with a quantity of ammunition, passed through Bulgaria on Friday, in a special train, en route to Constantinople.

BELGIAN KING UNDER FIRE.

ANTWERP, Belgium, Aug. 30.—King Albert in person led the Belgian troops into battle today, the forces from this city resuming the offensive against the Germans, who were being withdrawn from North Belgium.

The king was under fire for two hours. The aircraft was quickly brought to earth and her crew of eight soldiers captured. It was found that they had a cargo of explosives and some rapid fire guns aboard the Zeppelin.

BRITAIN CALLS FOR VOLUNTEERS FROM COLONIES.
LONDON, Eng., Aug. 30.—The determination of the British government to fight out the war to a finish, on land as well as upon the water, was evidenced in a dispatch sent from the war department to the colonies and to Canada yesterday, in which the various colonial governments were notified that Great Britain would have need for every man that was available for service upon the continent.

Specific directions were sent to the Canadian minister of militia to recruit and arm the Western Canadians and to hold available every recruit to be obtained between the Great Lakes and the Pacific. This force will include the greater part of the celebrated Northwest Mounted Police.

NEW ZEALAND TAKES SAMOA.

LONDON, England, Aug. 31.—Apia, the capital of German Samoa, surrendered on Saturday to a naval and military contingent dispatched from New Zealand.

When Japan entered the conflict there was some speculation regarding the American attitude should Japan seize the German island possessions in the Pacific. It was reported then that America would view such action as of grave concern to the Hawaiian Islands and the Pacific Ocean.

The diplomats argue that if the sovereignty of the Samoan Islands must change America would prefer British to Japanese control.

WASHINGTON, Aug. 31.—Diplomats believe America has little to fear in the transfer of the control of the naval base of Apia to Great Britain. Whatever direct loss Apia may be to Germany, it is pointed out that its possession will result in little direct advantage to Great Britain, which already controls Fiji and other Pacific islands nearby.

HARD FIGHTING IN EASTERN PRUSSIA.

(Wireless to Associated Press.)

BERLIN, Germany, Aug. 31.—At latest advices the German troops were pressing the Russians hard at Allenstein, which was captured by the Russians Saturday. The Germans describe the Russian endurance as terrific. One Russian general is reported captured.

JOEL C. COHEN TO USE POSTERS IN MAYOR'S RACE

Whether or not Joel C. Cohen is to be attacked for making use of the billboards as a means of publicity in his campaign for the mayoralty will be announced within the next few days. Candidate Cohen having announced that he is receiving "paper" to be put up this afternoon.

Over the top of the photograph of the Republican candidate will appear the words, "Absolutely Independent," and it is on this slogan that Cohen is making his campaign for nomination at the primaries.

Questioned today relative to the bill-

board campaign, Cohen stated that he would be attacked should he use the billboard as a campaign medium, adding that a threat of this kind alone would compel him to this course, for the reason that he is "absolutely independent," and allow himself to be dictated to by no organization or individual.

"The posters will go up," said Cohen, "and I expect to secure the nomination. However, I would rather go down in defeat and remain 'absolutely independent' than allow myself to be dictated to by any organization in the world."

DEATHS

DE SILVA.—In Honolulu at 12:30 August 31, Mrs. Claudine De Silva, wife of Manoel De Silva, aged 64 years.

JURISDICTION MATTER TO BE SETTLED SEPT. 9

(Continued from page one)

able settlement of the question of jurisdiction was set following an open conference in the district court room before Judge Dole, following the issuance of an order by the federal court which set forth his opinion as being that the question should be settled prior to the commencement of the federal court of the trial of the district attorney. Present at the conference besides Judge Dole were J. W. Cathcart, city and county attorney; Attorneys J. A. Magoon, Joseph Lightfoot and A. S. Humphreys, counsel for McCarn; Alexander Lindsay, Jr., special assistant to the attorney-general, and M. A. Thomas, in charge of the local district attorney's office until the disposition of the indictments against McCarn.

At the commencement of the conference the following order was read by Judge Dole:

"As the probable presiding judge in the case of the United States vs. Jeff McCarn, set for trial in this court on Monday, September 14, 1914, I desire to say to you that I entertain some doubts as to the jurisdiction of this court to try the said case, especially referring to Section 272 of the Penal Code, paragraph 3.

"It is, without doubt, better to have this question disposed of before the day set for the trial, rather than to have it arise after the trial, when, in the case of a conviction, a finding that the court was without jurisdiction would result in the unfortunate situation of the discharge of the defendant without the satisfaction, on his part and on the part of the United States, of a disposal of the case on its merits.

"The court, therefore, desires the assistance of counsel on both sides of the case in the solution of this question, and deems it proper that J. W. Cathcart, attorney for the city and county of Honolulu, be invited to appear in such discussion, in view of the fact that a similar indictment against the same defendant, antedating the proceedings here, is now pending in the first circuit court of the territory of Hawaii.

"The court will consider this question on its own motion, and will set an early day for its discussion by such of its counsel mentioned as shall be able to take part."

In explaining the status of the McCarn case now before the territorial court, Attorney Cathcart said that it is now in a rather peculiar state. The trial of the case, he said, has been set for September 8 of this year and, although the case in the federal court has been set for trial September 9, the territorial court has not as yet taken any action toward a continuance. Further, he stated that the order to try the case in the territorial court September 8 stands revoked.

A suggestion that the question of jurisdiction be settled prior to the return of Mr. McCarn met with strenuous objection from the district attorney's counsel on the ground that it is McCarn's right to be present at all proceedings having to do with the case against him. Judge Dole, although he remarked that he could see no value of Mr. McCarn's presence, set the date of the hearing for the morning after the day of the return from the mainland of the district attorney.

Early this afternoon City and County Attorney Cathcart filed in the office of the clerk of the federal court the following supplementary suggestions for record:

"Comes now John W. Cathcart, city and county attorney of the city and county of Honolulu, Territory of Hawaii, and on behalf of the said Territory of Hawaii further respectfully suggests to the court as additional and supplementary matters of record in the above entitled action:

"1. That subsequent to the filing of the suggestions for record in this honorable court, the said case of the Territory of Hawaii vs. Jeff McCarn, stated and set forth in said suggestions for record, was duly set down in the circuit court of the first judicial circuit, Territory of Hawaii, for trial on the 8th day of September, 1914.

"2. That the district court of the United States in and for the district and Territory of Hawaii has no jurisdiction of the above entitled cause, for the reason that the offense charged against the said defendant, Jeff C. McCarn, did not take place and was not committed within or on any lands reserved or acquired for the exclusive use of the United States, and under the exclusive jurisdiction or otherwise, so as to give jurisdiction to the courts of the United States."

PERSONALITIES

MR. AND MRS. C. A. STOBIE have moved into their new home at the corner of Dominis and Keeaumoku streets.

SPARKS FROM THE WIRELESS.

The following wireless message has been received by the agents from S. S. Wilhelmina bound for Honolulu. For Honolulu: 100 cabin passengers. 77 steerage passengers. 82 packages express matter. 9 autos. 4055 tons cargo.

For Hilo: 1487 tons cargo. The vessel will arrive Tuesday morning and dock at pier No. 15.

Fifty head of cattle are included in the shipment of island products from Maui, brought to this port with the return of the steamer Claudine.

JURYMEN ARE EXPECTED TO FIGHT HOURS

The following venire of 23 regular trial jurors has been summoned today to appear ready for service in Judge Ashford's division of the first circuit court at 10 o'clock tomorrow morning:

F. F. Lemon, Henry P. Rath, Chas. W. Ziegler, A. Henry Afong, William M. Minton, Adolph B. Angus, Ed F. Melanphy, John Coffee, Henry A. Asch, Thomas H. Hughes, Samuel C. Dwight, M. T. Webb, Charles Girdler, Jacob Ordenstein, Charles A. McWayne, B. Sammons, William H. Soper, Charles O. Hottel, Guy H. Buttolph, Herbert Dunshoe, Howard W. Adams, John Wallace and William P. Rath.

From remarks made by some of these men above named it is thought a number of serious protests will be entered by them tomorrow against the rule laid down by Judge Ashford for the hours of court sessions. Practically all the business men will oppose the two-session idea, of holding court from 10 a. m. to 12 noon, and from 2 p. m. to 4 p. m. Judge Ashford already has heard the attorney's side of this question. He doubtless will hear the business men's and jurors' side of the subject tomorrow.

'ECONOMY' IS WATCHWORD OF NEW WORKS HEAD

"House cleaning" operations in the public works department has been started by the new superintendent, Charles R. Forbes, and in the last day or two he has discharged five employees, three of these office men and two watchmen.

"Economy," said Superintendent Forbes today when asked for reasons. "We found we didn't need so many men and that the overhead expense was not in balance with the amount of business the department has been handling. We are not putting any new men in the old ones' places—simply transferring the necessary duties from their shoulders to those of others who are retained. I can't say how long we will be able to run with the shorter force, but it will be until business increases, which may mean several months."

HONOLULU WOMEN SAID TO BE IN DIRE STRAITS IN ORIENTAL PORTS

Two American women, alleged by the Manila Daily Bulletin to be residents of Honolulu, have found themselves in a lamentable predicament, so it is stated. They have been traveling throughout the United States and Europe for more than a year. They are said to have purchased their passage by the North German Lloyd through Europe to Yokohama and had arranged to receive funds at the latter port by connection with Honolulu. The paper omits giving their names but states that the destination of the vessel was changed at Singapore and through much trouble the women finally reached the Philippine capital. They were given a passage from Manila to Hongkong where they will be required to make further arrangements at the British port.

FORMER REPRESENTATIVE GRANTED CIVIL RIGHTS

Governor Pinkham today granted restoration of civil rights to Jonah K. Kumale, who was convicted of gross fraud in 1904 and sentenced to a year's imprisonment and payment of the court costs. Kumale served the full term and now is given a full and free pardon, in addition to the restoration of his civil rights.

The charge against Kumale is that while he was a member of the house of representatives in the legislature he falsely certified to an \$80 bill for "legal services" for another man. Upon investigation, it was alleged, the services were not of a legal nature, consisting almost entirely of a back ride about the city by the man in whose favor the bill was made.

LOCAL AND GENERAL

The public works department is issuing a call today for bids for a quantity of repairs to be made on Pier No. 13.

The board of harbor commissioners will meet at 10 o'clock tomorrow morning at the commission's headquarters in the public works department of the capitol building.

In celebration of the 96th anniversary of the birth of Robert Morris, the "father" of the order, members of Lei Aloha Chapter No. 2, Order of Eastern Star, will meet at 7:30 o'clock tomorrow evening at the residence of Mark P. Robinson, 2211 Nuuanu street.

Captain Brown of the United States revenue cutter Thetis has arranged for the dispatch of that vessel for the islands to the westward of the Hawaiian group Thursday. The Thetis will visit reefs and rocks which heretofore have been the base of operation for organized bands of bird poachers.

CAPTAIN SMITH MADE EFFORT FOR BONUS

Captain H. Smith, master of the big Norwegian tramp freighter Henrick Isen, an arrival at the port this morning, is richer by a considerable sum as a result of the award of a substantial bonus by the Inter-Island Steam Navigation Company for the completion of a trip from British Columbia to the Hawaiian Islands with much needed fuel.

The Henrick Isen sailed from Comos and Union Bay, on Aug. 19. The vessel had been supplied with 6838 tons of coal consigned to the local steamship company. The supply at the port has greatly diminished following the arrival of transpacific liners in need of fuel.

A cable was dispatched to the owners advising them that to hasten the arrival of the big shipment of coal to Honolulu was imperative and that additional money would be forthcoming on the charter.

Captain Smith set about his task of driving the freighter at its top speed. The voyage was favored with fine weather, with moderate winds and seas. It is the expectation to dispatch the vessel for the north Pacific coast on next Saturday. This represents the first shipment of British Columbian coal brought to the islands in a number of years.

Ventura a Crowded Ship.
In departing from Sydney, N. S. W., for Honolulu by the way of Pago Pago, the passenger accommodation was taxed to the limit according to a cable received today at the agency of C. Brewer & Company. The Ventura is predicted will arrive at Honolulu on Sept. 11 with between 225 and 250 passengers in the several classes. The local representatives have been advised that the liner can accommodate but 8 additional cabin passengers in steaming for San Francisco.

The vessel departed with a full cargo.

HARBOR NOTES

A mail dispatched from Honolulu for the mainland in the Sierra is due to arrive at San Francisco September 4.

More than 45,000 barrels of fuel oil are due to arrive at the port in the Associated Oil steamer J. A. Chanslor. The vessel left the coast last Friday.

One of the largest mails forwarded from the mainland in a number of weeks is reported on board the Matson Navigation steamer Wilhelmnia, due to come to a berth at Pier 15 at an early hour tomorrow morning.

Completing the loading of several hundred tons of coal the United States cruiser West Virginia steamed from Honolulu for Mexican coast ports at 5 o'clock Saturday afternoon. Before departure a transfer of 180 officers and men were made from the South Dakota.

A large quantity of sugar will be supplied the American Hawaiian freighter Dakotan while that vessel remains at Port Allen. The steamer

will complete cargo destined for the east coast of the United States at Hilo.

Taking freight only, the Inter-Island steamer Waihee is announced with steam for Honokaa and Kukuhaele tomorrow afternoon.

Three Inter-Island steamers will be dispatched over regular routes at 5 o'clock this evening, the Claudine, for Maui; the Likelike for windward Kauai and the Hall for Ahukiki Kauai, having been placed on this berth today.

A large quantity of sugar awaiting shipment at Hilo delayed the departure of the Matson Navigation steamer Lurline for Honolulu. That vessel arrived at this port this morning, to complete the loading of a consignment of island products destined for San Francisco. More than 40 passengers have been booked for the coast in the Lurline scheduled to sail at 4 o'clock tomorrow afternoon.
